## CLUB PURPOSE

The objectives of the Badger Golden Retriever Club are to:

- Encourage members to perfect, by selective breeding, sound Golden retrievers and to do all possible to develop and promote their natural ability and quality, while still maintaining their exceptionally good dispositions;
- Urge members and breeders to accept the standard of the breed as approved by the American Kennel Club, as the only standard of excellence by which Golden retrievers shall be judged;
- Do all in its power to protect and advance the interests of the breed by encouraging sportsmanlike competition at dog shows, field trials, obedience trials, and tracking tests;
- Conduct sanctioned and licensed specialty shows, field trials, and tracking tests under the rules of the American Kennel Club and WC/WCX tests under the rules of the GRCA; and
- Support and further the interests of the Golden Retriever Club of America.

## Message From the President

Submitted by Susan Scherber

The year is half over and the BGRC has been very busy. I was very happy with the turn out for the **May 15 General Meeting and Training Date. We had around 23 members present.** It was a great opportunity for those who wanted to learn what hunt test are all about and put some of those instructions to use. Also we did some socializing with grilling brats and a potluck dinner. I would like to thank Dan and Mary Feisthammel and Steven Scherber for organizing this event. Club members had a great time.

Our **June 18 AKC Hunt Test at Bong Recreational Park, Kansasville, WI** was a great success. Compared with a lot of Hunt Tests that I have been a part of, our BGRC club event ran smoothly... and we ended in the black.... Very much so. Steven Scherber, event chair, did a wonderful job organizing food, birds, equipment and workers. A big thanks to all who helped make this event a big success.

Our **Sunday, August 14 WC/WCX** is being organized by Dan Feisthammel. We will have one set of judges for both setups. It will be easy for entrants to run in both

tests without having to run between two tests. Spectators will also be able to see the dogs run in the WC and the WCX. The Tests will be held at Bong Recreational Park in Kansasville, WI. Volunteers are needed, so if you can help please contact Dan.

Our **September 11 General Meeting** will be held at WWCDTC in Ixonia, WI. I hope we have all been working on the obedience of our Golden companions since the demonstration we had at our March meeting. Jan Nyland and Sandy Flaaten will co-host the September program evaluating dogs who are trying to earn their CGC titles. We hope to have a great turnout. The club will only be charging a \$5 entry fee for the evaluation. Sandy Stoller will be

taking orders for Sub sandwiches. An order form will be published in our August/ September newsletter. **Mark October 22 and 23 on your calendars. BGRC's obedience/rally trials** have been approved by AKC. This event will be held in Ixonia and will be a great fundraising opportunity for BGRC.

As always, we need help to make club events a success. We need help at each and every event the club holds. So if you can help with the WC/WCX, our education events, the October BGRC's Obedience/Rally trials, or in any other way, please contact a board member or volunteer at one of our general meetings.

Do not hesitate to contact any board member if you have ideas or suggestions.

## A Note from Jean Granger

Submitted by Jean Granger

I would like to thank BGRC for the pleasure of judging Juniors at the Hunt Test. It started with a beautiful day, cool and breezy. Paul Kartes and I had workers that went above and beyond to make

the test run smoothly. Because of their extra effort we started and finished in good time. There were many compliments heard from the handlers in the gallery at what a well run test it was. Happy handlers will come back and tell their friends to run a dog with BGRC. Our workers made this happen. The gunners, Mike and Jim, dropped every bird giving the dogs a good mark to retrieve. Sharon Long and Jan Nyland never missed a bird in the "dead bird" blind. We had an awesome Marshal, Josie Trad, who kept judges, workers and handlers moving together briskly. Lisa Conigliaro was such a help taking the birds from the judges. Glen Weber, the stake coordinator, always was there making sure we had everything needed. Thank you to all for a great judging experience.

Jean Granger

## Sunshine Club

The "sunshine person" sends condolences, get-well wishes, etc., to club members. In order to do this, she needs your help. If you know of a club member who has been sick, hospitalized, or lost a loved one, contact **Jean Granger at 262-547-9068**.

## Membership

Submitted by Sandy Stoller

### New Members:

Kelly White  
710 S. Main St.  
Deforest, WI 53532

Kelly is joining as an Associate Member. She has one Golden which she acquired from GRROW 2 years ago. She is interested in obedience, field, tracking, and enjoying her Golden as a family pet. She belongs to Badger KC and is the dog walk coordinator for

GRROW. She enjoys softball, knitting and family hiking. She has attained her Beginner Novice title.

Please welcome Kelly to BGRC.

## In Memory

Submitted by Jean Granger

BGRC lost a very dear long time member, Tim Patrick, on May 26, 2011. Tim ran our Hunt Tests for years. Under his leadership we ran Master, Senior and Junior stakes. He was well known for his impish grin and getting people to step up and work their hearts out. And come back again next year and do it all over again. A plant was sent to his widow, Cindy. It goes with our sympathy and prayers.

## The Whelping Box Plus

[Editor's note: Please contact me at [wmceach@yahoo.com](mailto:wmceach@yahoo.com) and, if possible, post to BadgerGold information on any older dogs that need placement. Litter information should go to Edell Schaefer.]

Breeder referral listings included in this column are from members of the BGRC who abide by the GRCA Code of Ethics, have submitted all health clearances to the BGRC Breeder Referral chair, and are approved for referrals.

## DFOW

[Editor's note: Wendy Biewer serves as the club's legislative liaison and regularly posts updates to BadgerGold.]

Dog Federation of Wisconsin (DFOW) newsletters are available at [www.dfow.org](http://www.dfow.org).

## Canine Breeders Symposium

Submitted by Dan Feisthammel

Those of you actively breeding may find this seminar worthwhile. It will be held in Milwaukee on Saturday, August 13. For additional information visit the Society for Theriogenology website at [www.therio.org](http://www.therio.org) and click on "Canine Breeder Symposium Registration".

Dr. Marty Greer of Veterinary Village in Brownsville is the "welcome" speaker.

## GRCA Code of Ethics Revisions

Below you will find the Code of Ethics originally adopted by the GRCA Board of Directors on April 20, 1997, with revisions in 2001, 2008, and 2011, as noted. The original text was adopted after many drafts, long discussions, review of other national breed clubs' codes, and consideration of input from the membership. The code's nature is not punitive, but rather a guideline that is informational and states the accepted norm in Golden Retrievers. This Code will appear in the GRCA booklet "Acquiring a Golden Retriever" and in new member packets. New members, by their application, agree to abide by and follow the guidelines outlined in the Code of Ethics. The reaffirmation statement on the annual dues renewal also will note members' agreement to follow the guidelines of this Code.

The Golden Retriever Club of America (GRCA) endorses the following Code of Ethics for its members. It is the purpose of GRCA to encourage its members to perfect, through selection, breeding and training, the type

of dog most suitable in all respects for work as a companionable gun dog, and to do all in its power to protect and advance the interests of Golden Retrievers in every endeavor.

#### **RESPONSIBILITIES AS A DOG**

**OWNER:** Members must ensure that their dogs are kept safe and under control at all times. Members should properly train their dogs so that they are an asset to their community and not a nuisance. Dogs must be maintained with their safety and good health in mind at all times, including adequate and appropriate attention and socialization, grooming, feeding, veterinary attention, housing, routine care, exercise and training.

#### **RESPONSIBILITIES AS A**

**MEMBER OF GRCA:** Members' responsibilities include educating the public about the breed, keeping in mind that they and their dogs represent the breed, the GRCA and the sport of purebred dogs in general.

Members are urged to accept the written breed standard as approved by the American Kennel Club (or the applicable governing body of the country in which they reside or exhibit) as the standard description of physical and temperamental qualities by which the Golden Retriever is to be judged.

Members are required to maintain good sportsmanship at all events and competitions, abiding by the applicable rules and regulations set forth by the governing bodies for such events and competitions. Members' conduct should always be in accord with the purposes and intent of the GRCA Constitution and By-Laws.

#### **RESPONSIBILITIES AS A**

**BREEDER:** GRCA members who breed Golden Retrievers are

encouraged to maintain the purpose of the breed, and are expected to demonstrate honesty and fairness in dealing with other owners and breeders, purchasers of dogs and the general public. Owners of breeding animals shall provide appropriate documentation to all concerned regarding the health of dogs involved in a breeding or sale, including reports of examinations, such as those applying to hips, eyes, hearts and elbows. If any such examinations have not been performed on a dog, this should be stated. Breeders should understand and acknowledge that they may need to take back, or assist in finding a new home for, any dog they produce at any time in its life, if requested to do so. Members who breed should sell puppies, permit stud service, and/or lease any stud dogs or brood bitches only to individuals who give satisfactory evidence that they will give proper care and attention to the animals concerned, and who may be expected generally to act within the intent of the statements of this Code of Ethics. Members are encouraged to use clear, concise written contracts to document the sale of animals, use of stud dogs, and lease arrangements, including the use, when appropriate, of non-breeding agreements and/or Limited Registration. Members should not sell dogs at auction, or to brokers or commercial dealers.

#### **ADVISORY GUIDELINES:**

Breeding stock should be selected with the objectives of GRCA in mind; that is: Recognizing that the Golden Retriever breed was developed as a useful gun dog, to encourage the perfection by careful and selective breeding of Golden Retrievers that possess the appearance, structure, soundness, temperament, natural ability and personality that are characterized in the standard of the breed, and to do all possible to advance and promote the

perfection of these qualities. (Paraphrased from Article I, Section 2, of the GRCA By-Laws, as amended in 1995.) GRCA members are expected to follow AKC requirements for record keeping, identification of animals, and registration procedures. Animals selected for breeding should:

- (i) be of temperament typical of the Golden Retriever breed; stable, friendly, trainable, and willing to work. Temperament is of the utmost importance to the breed and must never be neglected;
- (ii) be in good health, including freedom from communicable disease;
- (iii) possess, and make publicly available in an online approved database, the following examination reports in order to verify status concerning possible hip dysplasia, hereditary eye disease, hereditary cardiovascular disease, and elbow dysplasia. Online approved databases include registries under management of veterinary professional associations; registries maintained by non-profit organizations with veterinary staff or advisory boards; and university-based registries under veterinary advisement. Health examination results for U.S. dogs should be recorded in U.S. databases.
  - a. Hips - for U.S. dogs, a report from the Orthopedic Foundation for Animals or PennHIP at 24 months of age or older. For dogs outside the U.S., a report from a health registry approved by the Golden Retriever club of that country (e.g., Canada - Ontario Veterinary College; Great Britain - BVA/KC Hip Score). A report from the accepted health registry of another country may be used for U.S. dogs that are 24 months of age or older when x-rayed.
  - b. Eyes - an appropriate report from a Diplomate of the American College of Veterinary Ophthalmology (ACVO) or from a

BVA/KC approved ophthalmologist (Great Britain). For dogs outside the U.S., a report from an ophthalmologist, as recommended by the Golden Retriever club of that country after 1 year of age. Examinations must be done within 12 months of a breeding and reports should be recorded (certified) in an online approved database as described above. Dogs that produce offspring should continue to have ophthalmology examinations on a yearly basis for their lifetime, and the examination reports should continue to be recorded in an online approved database if the findings do not prevent recertification. For frozen semen from deceased dogs, either an ophthalmology examination within 18 months of the date of death, or status that was in compliance with the Code of Ethics in effect at the time of the dog's death, will be considered current.

c. Hearts - an appropriate report from a Diplomate of the American College of Veterinary Internal Medicine, Cardiology Specialty, at 12 months of age or older. Reports should be recorded (certified) in an online approved database as described above.

d. Elbows - for U.S. dogs, a report from the Orthopedic Foundation for Animals at 24 months of age or older. For dogs outside the U.S., a report from a health registry approved by the Golden Retriever club of that country at 24 months of age or older. A report from the accepted health registry of another country may be used for U.S. dogs that are 24 months of age or older when x-rayed. Breeders of Golden Retrievers in the U.S. who use health registries from other countries should fully reveal their reasons for doing so. Consideration should be given also to other disorders that may have a genetic component, including, but not limited to, epilepsy, hypothyroidism, skin disorders (allergies), and orthopedic disorders such as

osteochondritis.

(iv) Assuming that all health and examination reports are favorable, the age of the breeding pair also is of consideration. Generally, a Golden Retriever is not physically and mentally mature until the age of 2 years; an individual dog's suitability as a breeding animal is difficult to assess until that time. Adopted by the GRCA Board of Directors on April 20, 1997, and revised to include elbow clearances in May 2001. Additional revisions approved in February 2008 and June 2011.

## GRF Updates

Submitted by Jennifer Krawsczyn

The Senior CERF project is really taking off! This is the program where the GRF is paying for CERF submissions on any Golden Retrievers 8 years and older if you send in one of our vouchers with your CERF examination form. The voucher is available to print out on our website. Each month we have more and more submissions. Thanks to everyone who is participating.

Sadly, we also know that some Golden Retrievers are getting the unfortunate diagnosis of Pigmentary Uveitis when they get their dogs' eyes checked. At this time, CERF does not publish abnormal results but you can still get these results listed online for your dog by sending your non-clearing CERF to OFA and there is no cost! Please submit your abnormal CERF exam forms FOR FREE to OFA and it will be listed with your other health reports on your dogs. Additionally, if your dog is not in the DNA databank with CHIC, please be sure to participate in one of the many blood draws sponsored across the country with regional clubs' health clinics or you can have your vet pull it and send it in. This way, you are making the best of a bad situation by being a

part of the solution as your dog with an eye failure can be used in the studies we have to attempt to find a DNA test for this disease as well as learn as much as we can about this terrible disease. The DNA blood banks are also used for research in many other diseases affecting our breed. If you are unsure if your dog has given blood for CHIC, you can easily find out by checking on the OFA website. Please go to:

<http://www.offa.org/index.html> . I find the easiest way to search OFA is paste my dog's AKC number into the search area on the left. If your dog has donated blood to CHIC, it will be listed there.

So let's all "Bank on the Future" for our Golden Retrievers by contributing blood for the CHIC and BROAD blood banks!

Which brings me to my next great bit of information! We have seen an upsurge in the number of clubs participating in our GRF sponsored blood draws! I would like to thank the following clubs for sponsoring blood draws along with their clubs' health clinics in the last month or so. They are:

- Lenape Golden Retriever Club with 83 blood samples
- Marshbanks Golden Retriever Club with 70 blood samples
- Golden Retriever Club of Western New York with 60 blood samples
- Connecticut Valley River Golden Retriever Club with 25 blood samples.
- Golden Retriever Club of Greater Los Angeles with 45 blood samples.

If your club has held a blood draw and we have not listed it in the GRFUPDATES, please let me know along with the number of collections so we can publicly thank you on our next GRFUPDATES.

Additionally, if your club would like to sponsor a blood drive in conjunction with your health clinic, please contact our DNA Coordinator, Dr. Mike Lappin, at [anidoc@intercape.com](mailto:anidoc@intercape.com) for details. The GRF pays for the entry fees and supplies for these clinics, including a doggy bandana announcing this dog gave blood for DNA. We were so pleased when Mike has shared with us that the blood draws have greatly increased this year and we are thrilled that our member clubs support and understand that this is a great way to work towards a healthier tomorrow for our breed.

Thanks again to everyone who has signed up for the new read-only GRF Updates list. We would like to see everyone join and we will send out updates approximately once a month. Please share this update with anyone you feel may be interested! To join, simply send a blank email to:

[grfupdates-subscribe@yahoogroups.com](mailto:grfupdates-subscribe@yahoogroups.com)

For more information about the GRF, please visit our website at <http://www.goldenretrieverfoundation.org/>.

## Scottish Highland Games Volunteers Needed

Submitted by Deb Klemp

Hi Everyone,

Just a reminder that I am looking for volunteers to represent Golden Retrievers since they are a Scottish breed/Badger Golden Retriever Club at the Scottish Highland Games Saturday and Sunday of Labor Day weekend.

As I have mention often it is a chance for you to spend time with your Golden, meet and greet, and talk about your best pal. What could be easier? Our club needs to have an educational component and this event fulfills that requirement. Volunteering also fulfills Badger's work hours requirement. Trust me, this is painless! It is fun and simple to do.

So far I have 3 volunteers and I need many more if this is going to be successful as it has been for many years. The Golden usually "steal the show". I need at least 3 more volunteers for Saturday, and at least 5 or 6 for Sunday.

Please let me know ASAP if you can volunteer so that the paperwork can be completed/processed, and tickets reserved for you. You can email me at: [dklemp@wi.rr.com](mailto:dklemp@wi.rr.com)

I will pass along specific details as I get them.

Thanks in advance.  
Deb
